

FOR IMMEDIATE RELEASE

Windermere's Team Fogarty Introduced As New Owners of Monterey Country Club Sales Office

PALM SPRINGS, CA – FEBRUARY 28, 2015 – Windermere Real Estate Southern California is proud to announce Team Fogarty, led by Broker Associate and Premier Director Michael Fogarty and his wife, Realtor® Marlene Fogarty, have purchased the sales office at Monterey Country Club, located at 41502 Monterey Avenue in Palm Desert. Michael purchased the sales office from his mother, Ginny Becker, and installed a strong sales force to serve the community's 1,206 condominiums, including the team of Marlene Fogarty and Celeste Varela, the Lonnie and Karine Foreman team, Crys Mueller, and Dolores Del-Cerro.

"I am proud to carry on the exceptional legacy my mom has built at Monterey Country Club and to continue to serve its residents with the lifestyle and special amenities for which the community is known," says Michael. Michael and his team have over 60 years of combined professional real estate experience, giving them the knowledge and insight to assist in every transaction, whether it is helping a new resident get into the home of their dreams, or finding the right buyer for someone selling their home within the country club.

Understanding the needs of the community and its residents, Michael recruited and assembled a sales team to best serve and meet those needs, with Marlene and Celeste having prior sales experience at Monterey Country Club. "It is nice to have members of our team with a background and established relationships with many of the residents and the club itself," adds Michael. "With three years of prior sales experience in the community, Marlene and Celeste have a pulse on the community and are passionate about spreading that knowledge to our clients and the other members of our sales team so they can provide an elite level of service."

Michael and his sales team recently hosted a catered cocktail reception at the Monterey Country Club sales office, including a raffle for over \$500 in cash and prizes. The event was held in conjunction with a Monterey Country Club open house, which featured a tennis and fitness experience, including round-robin tennis exhibition and a clubhouse tour.

Featuring 27 holes of championship golf, 18 tennis courts, 4 pickle ball courts, bocce ball, 37 swimming pools and spas, luxurious amenities and conveniences, a stately clubhouse, and stunning mountain and valley vistas, Monterey Country Club is recognized as one of the Coachella Valley's premier private clubs. With 10 unique floor plans to choose from, Monterey Country Club's luxurious home styles offer something for all tastes and lifestyles.
